

Generated: May 23, 2026

- Town hall building background with dark overlay
- Glassmorphism card (blur, frosted glass effect)
- Cantilan official seal + CIVIX logo side by side
- Glass inputs with white text and white focus border

Register Page

- Same background and logo layout as Login
- 3-step wizard: Account !' Contact !' Security
- Glassmorphism card styling

User Roles

- CITIZEN — public users who submit complaints/suggestions/feedback
- STAFF — government personnel assigned to departments
- ADMIN — full system access and management

Profile & Avatar

- Canvas-based circular crop tool on all portals (Admin, Staff, Citizen)
- Drag to reposition + zoom slider for precise cropping
- Single Save Changes: uploads photo and name in one action

Auto Citizen ID

- Backend auto-generates unique Citizen ID: CIT-YYYYMMDD-XXXXXX
- No manual entry required on registration form

- Address field (required) for location context
- Gmail and Phone pre-filled from user profile
- 20 LGU department categories dropdown
- File attachment support

Keyword Auto-Assignment

- System detects keywords in description and title
- Suggests the correct department automatically
- Citizen can override or confirm the suggestion

Map Picker

- Interactive Leaflet.js map locked to Cantilan town center
- Bounds restricted to prevent out-of-area pin placement
- Center coordinates: 9.330°N, 125.978°E

- Displays ALL submissions as color-coded pins
- Complaint = Red, Suggestion = Blue, Feedback = Green
- Submissions without GPS coordinates placed near center with dashed markers

- Rich popups with citizen info, type/status badges, description

Analytics PDF Report

- 4-page formal PDF generated server-side using PDFKit
- Page 1: Cover page, Table of Contents, Executive Summary
- Page 2: KPI cards, type distribution bars, sentiment breakdown
- Page 3: Departmental bar chart (top 8 departments), summary table
- Page 4: Full submissions log table, certification, signature lines

Personnel Directory

- Full CRUD management for Staff accounts
- Fields: Full Name, Email, Department, Password
- Edit and Delete with confirmation dialog
- Auto-generates Staff ID: STAFF-YYYYMMDD-XXXXX

20 LGU Department Categories

- Includes all official offices of the Municipality of Cantilan
- Used for routing submissions to correct government departments

Departmental Dashboard

- Department-filtered KPIs (only shows data for staff's assigned department)
- Type breakdown: Complaints / Suggestions / Feedback
- Status breakdown: Pending / Reviewing / In Progress / Resolved
- Recent submissions table with status and type badges
- Matches Admin dashboard design for consistency

My Submissions

- Lists all submissions assigned to the staff's department
- Filter by status, type, and search keyword

Track & Monitor

- Track any submission by Tracking ID
- View all submissions across all departments
- Filters: status, type, department, text search
- Slide-in detail panel with progress timeline
- Assign submission to any department (all 20 offices)
- Update submission status directly

Backend Stack

- Node.js + Express.js REST API
- Prisma ORM with MySQL (XAMPP)
- JWT authentication (7-day expiry)
- bcryptjs password hashing (12 salt rounds)
- Multer for file uploads (submissions + avatar separate)
- PDFKit for server-side PDF generation

Raw SQL Workaround

- Prisma client uses \$queryRaw and \$executeRaw for all queries
- Required due to DLL lock preventing Prisma client regeneration
- Affects: department, avatar, STAFF role fields

Avatar Upload

- Saved to uploads/avatars/ directory
- Old avatar automatically deleted when new one is uploaded
- Filename format: avatar-{userId}-{timestamp}.jpg

Staff API Endpoints

- GET /staff — List all staff (Admin only)
- POST /staff — Create staff account (Admin only)

- PATCH /staff/:id — Update staff account (Admin only)
- DELETE /staff/:id — Delete staff account (Admin only)
- GET /staff/portal/stats — Staff dashboard KPIs
- GET /staff/portal/submissions — Department submissions
- GET /staff/portal/monitor — All submissions (read)
- PATCH /staff/portal/assign/:id — Reassign department & status
- GET /staff/portal/track/:id — Track by tracking ID

Settings

- 20 LGU offices stored as default categories
- Organization name and tagline configurable
- Public settings endpoint for branding on login page
